TAIWAN

RICARE

- In 2016, the “subtractive care” model of Japan‘s Yumenoko Village (夢之湖) was introduced to encourage the elderly to make their own decisions and do things themselves, without depriving the elderly of their ability to take care of themselves.。
- In 2020, Ricare and Boyu had financial integration and became strategic investors in Taiwan and Japan.

Japanese nursing technology and service quality control

Taiwan’s software and hardware technology applications and nursing manpower
